

APPENDIX 9b

Cambuslang & Rutherglen Community Mental Health Services- Proposal for Future Management/ Operational Arrangements

The Camglen Locality within the South Lanarkshire CHP was established in April 2006. Both Cambuslang and Rutherglen sit within the South Lanarkshire Council . Current arrangements mean the locality has to operate between both NHSL and NHSGG&C. These arrangements mean the locality is not fully integrated as part of the South Lanarkshire CHP. A paper was tabled with both Health Boards in August outlining these difficulties and proposed the further transfer of the full financial and operational responsibility for the locality health services to NHSL. The locality management team and MH partnership have met and below is a summary of the current service provision within the locality, where the current responsibility and accountability lies and proposed future arrangement.

Service / Function	Current Responsibility Accountability	Proposed Responsibility/ Accountability
CMHT – ADULT	Locality →SLCHP→NHSGG&C	Locality →SLCHP→NHSL
CMHT – Older people	Locality →SLCHP→NHSGG&C	Locality →SLCHP→NHSL
