Note: Completion of Review			

Guideline Objective

This guideline aims to ensure that systems are in place to prevent and control infection and communicable disease by underpinning national polices. It outlines the criteria, responsibilities and systems required to manage specific conditions/ infections. The goal of this guideline is to protect patients, staff and the public by effective prevention and control of infection and communicable disease.

If you have any concern with the polices and/ or guidelines in this section please discuss with your line manager who will consult the local Infection Control/Health Protection Team for advice
